## Education

**Daffodil International University**

*Bachelor of Computer Science and Engineering*

**April 2021 – April 2025**

*CGPA: 3.78 Out of 4.00*

## Summary

Flutter Developer with hands-on experience building high-performance, scalable, and production ready mobile applications using Flutter, Dart, and Firebase. Proficient in state management (GetX, Provider), clean architecture, and REST API integration, with a strong focus on code quality, performance optimization, and reusable UI components. Experienced in collaborating with cross-functional teams, rapidly adapting to new technologies, and delivering user-centric, AI-enabled features. Passionate about creating reliable mobile solutions that drive business growth, long-term scalability, and excellent user experience.

## Experience

**SM Technology (A subsidiary of Betopia Group)**

*Junior Flutter Developer (Mobile Application Developer)*

**July 2025 – Present**

*Rampura, Banasree*

Contributed to the development and deployment of production-ready mobile apps using Flutter, Dart, REST APIs, Firebase. Maintained clean, modular code with GetX, collaborated with cross-functional teams, and worked on AI-driven features while optimizing app performance and user experience.

## Projects

**Grammar Learning Mobile Application || Flutter Dart**

**September 2025**

- AI-powered grammar learning app built with Flutter.
- Implemented Firestore, Firebase Auth, and FCM for real-time user experience.
- Integrated Gemini AI for sentence checking, grammar support, and interactive exercises.
- Designed reusable UI components for long-term scalability. Delivered a responsive and optimized learning interface.

## Technical Skills

- **Mobile App Development:** Flutter, Dart, GetX State Management, Provider State Management, Clean Architecture, MVC Pattern, Widget Optimization & Performance Tuning.
- **Backend & Integrations:** REST APIs, Firebase (Firestore, Auth, FCM), MongoDB (Basic knowledge), Local caching & offline storage.
- **Programming Languages:** Dart (Primary Language Strong Expertise) C, Python, Java, TypeScript, HTML & CSS, MySQL
- **Tools & Platforms:** Git & GitHub, Figma (UI/UX collaboration), Play Store & App Store Deployment, Revenue Cat, Postman

## Certification

**Ostad Platform**

**March 2025**

Completed a project-based Flutter program covering UI development, state management (GetX), API integration, Firebase, and scalable architecture.

## Language

- Bangla – Native
- English – Professional Working Proficiency
